

2013 Networking Workshop

SOLD OUT!!

Tuesday November 12, 2013 at 10AM, William Penn Inn, Gwynedd, PA

Networking Meeting: The Education of a Print

Art Across The Curriculum – PUBLIC ART

Betty Hill and Phyllis Knerr will present a PowerPoint presentation in which Betty will describe her insights gained as an art teacher and the tools she employed from her specialization, "Art Across the Curriculum." After Betty's overview, members will have a table activity to discuss an artwork. Participants will reach the understanding that art does not stand alone in education or in our lives, that art permeates all disciplines be it social studies, history, literature, math, music, or science. Participants will learn techniques to enrich an AGTS session with another discipline's common theme.

- [Click here for directions to the William Penn Inn, Gwynedd, PA](#)
